JESSE GOUGE IS THE LAURIER LIBERAL CHOICE FOR BOW RIVER

Drumheller Coal Man Receives Nomination on Second Ballot at Convention Held in Calgary

Jesse Gouge, of Drumheller, received the nomination of the Bow River Laurier-Liberals on the second ballot at the convention held in Paget hall on Saturday afternoon. The other candidates for nomination were J. P. McArthur, of Calgary, late provincial member for Gleichen, and G. F. Smith, of Champion. There were 44 accredited delegates present representing the following districts: Cluny 2, Vulcan 12, Champion 8, Gleichen 6, Delca 7, Drumheller 5, Horseshoe 1, Morning Glory 1, Weyne 1, and Bassano 1.

On the first ballot Gouge received 17 votes, McArthur 13 and Smith 10. Mr. Smith's name was then withdrawn and a second vote taken when Gouge received 29 and McArthur 14. The nomination was then made unanimous.

Mr. Jesse Gouge, the successful nominee, practiced law in Ohio before coming to Alberta. He lived for some time in Calgary. At present he is a mine operator in Drumheller.

This makes the fourth candidate to enter the field in the Bow River constituency, the others being: Mayor Howard H. Halliday, of Hanna, the union candidate; D. H. Galbraith, of Vulcan the Non-Partisan league candidate, and John Reid, of Calgary, the Socialist nominee.

Mr. Gouge on receiving the nomination said he was especially pleased in that his nomination was seconded by a supporter of union labor. Sir Wilfrid Laurier had promised to give a representative of labor a place in his cabinet if elected.

In his address to the meeting Mr. Gouge said that it is an understood principle that a party speaks through its caucuses and conventions, but notwithstanding the fact that the liberal conventions stating the position, liberals were told that the liberal party had been sold to Sir Robert Borden. He said, "The liberal party has not been sold notwithstanding that the articles of sale are supposed to have been made out and attested by papers in Calgary and elsewhere. I believe that Sir Wilfrid Laurier was right when he said all these principles are important, but the greatest principle is that which affects the democratic form of government. While we are waging a war for democracy in Europe I see the principles of democracy slipping away in Canada."

Mr. E. J. Charters, of Vulcan, was elected president, and L. H. Stack one of the vice presidents of the organization. Mr. O. L. McPherson was one of the speakers.

Mr. Harry Reid, who has been selling horses at the Vulcan Livery Stables, has taken his stock to Champion and will offer them by auction on Saturday. Mr. Clarence Davis will be the auctioneer.

The Rev. F. G. Mathews of Reid Hill attended the Presbyterian meeting at Nanton yesterday.

BORDEN TO RUN IN KING'S COUNTY

Nomination as Unionist candidate in King's County at the general election was unanimously tendered to Sir Robert Borden, the prime minister, at a party convention held at Kentville, N. S., on Saturday. The premier, in accepting the nomination, referred to his early association with this vicinity, which he had left for Halifax over 40 years ago, and said that when he decided to stand aside in Halifax his old seat for his cabinet colleague, Hon. A. K. McLean, the offer of the nomination in King's coincided with the desire of his heart.

The opposition leader, Sir Wilfrid Laurier, will run in Quebec East.

GENERAL MAUDE IS DEAD

General Maude, British commander in Mesopotamia, died on Sunday, after a brief illness.

Major-General Frederick Stanley Maude, the captor of Bagdad, was rated as one of the most brilliant commanders of the war. After a series of British defeats in Mesopotamia, General Maude was placed in command late last year and won an unbroken series of successes. Advancing from the Babylonian plains, he captured Kut-El-Amara, where General Townshend's army had been compelled to surrender. He continued his drive to the Tigris advancing ninety miles in two weeks, and last March captured Bagdad. With the opening of the new campaign this fall he pushed up the Tigris more than a hundred miles beyond Bagdad, his operations being designed primarily to defeat the expected attempt of the Germans and Turks to recapture the city.

Previous to the present war he had a distinguished military record. General Maude was 53 years of age.

REID HILL WEDDING

At the home of the bride's parents at high noon on Saturday November 17th, Grace Dorothy, the eldest daughter of the Rev. and Mrs. F. G. Mathews, and Ezra Powell were united in marriage by the Rev. Mr. Defoe, of Calgary.

The bride was dressed in silk crepe de chene with shadow lace and bridal veil, and was attended by Miss Ethel Mathews, who wore a gown of pale blue voile. Marjorie Mathews acted as ring bearer. Mr. S. Fiatland was the best man.

Following the wedding breakfast the bride and groom left for regions unknown, stopping at Banff on their way. Their departure was hastened by the usual shower of rice, and their car was decorated with white shoes.

A reception will be given on their return home.

Messrs. Morton & Robson are making a special show of leather goods for the Christmas trade and anyone requiring gifts for Christmas would do well to see what they have.

Up to date the total amount of money subscribed to the Victory by the district of which Vulcan is a part, is \$158,750.

Dr. W. H. McLaren, dentist, has his office at Dr. Knowles' surgery for the time being. It is Mr. McLaren's intention to settle in Vulcan.

\$56,850 TO DATE

The sum of \$56,850 stands to the credit of Vulcan and Champion in the matter of Victory War Loans purchased. Of this amount Vulcan has \$33,850 and Champion \$23,000. There are two ways of looking at the total. On the face of it it is not enough, more ought to be subscribed. In another sense it is gratifying to know that most of the war loans bought have been small amounts from people who cannot afford much but have taken small amounts to show their interest. The bulk of the people who will buy big have not yet been seen.

It is requested by the canvassers that when people are asked to subscribe they will not postpone their purchase, putting it off until another time. This only multiplies the work of the canvassers who are giving their time freely.

WOMEN WHO MAY VOTE

In clause 33 of the War Times Elections Act, the franchise is given to the following women:

"33a (1) Every female person shall be capable of voting and qualified to vote at a Dominion election in any province or in the Yukon Territory, who, being a British subject and qualified as to age, race and residence, as required in the case of a male person in such province or in the Yukon Territory; as the case may be, is the wife, widow, mother, sister or daughter of any person, male or female, living or dead, who is serving or has served without Canada in any of the military forces, or within or without Canada in any of the naval forces, of Canada or of Great Britain in the present war. Provided that this section shall not apply to the wife, widow, mother, sister or daughter of a person no longer serving as aforesaid unless such person has died in or has been honourably discharged from such service, or in the case of an officer, has died in or has been permitted to resign from such service or has been dispensed by competent authority from further service, or in any case, has died after honourable discharge, resignation by permission, or dispensation from further service as aforesaid.

"(2) Such naval forces of Canada shall be deemed not to include members thereof engaged within Canada who may become members after the passing of this Act.

Mr. W. Tempany will be in Vulcan on Friday and Saturday November 16th and 17th in connection with seed grain and government relief indebtedness.

CANADA'S SUBSCRIPTION TO VICTORY WAR LOAN

Canada has subscribed to the Victory loan \$120,141,700 according to figures received at loan headquarters Toronto yesterday. So far 91,764 people have subscribed to the loan as compared with 40,800 subscribers to the last war loan. Of the above amount Ontario has subscribed \$64,490,050 and Quebec \$23,334,600.

IS NOW CAPTAIN

In a recent letter to friends George Wainwright who joined the army and went to the front in 1915 says that he has received another star and is now a captain. Captain Wainwright has risen from the rank of Sergeant. He has seen much active service at the front, and says that he hopes to spend the winter at some clerical work in England.

86 PER CENT EXEMPTED

The local tribunal have had a total of 225 cases before them since they commenced their work on November 10th. Of this number they have disallowed 31 cases, and allowed 194 exemptions. At present they have cases to come up which will claim their attention until the 24th of the month.

Many and varied are the grounds for exemption which are brought to the notice of the tribunal. One man in his claim stated that during his life he had been a member of the Anglican and the Presbyterian bodies but now he didn't belong to any Church, thank God.

TO STAND BEHIND WILSON

Union labor today put its stamp of approval on the attitude of Samuel Gompers, president of the American Federation of labor, in working hand in with President Wilson in placing above all other considerations in questions involving the workingman's part in a vigorous prosecution of the war.

The vote of confidence was passed after three hours of debate in which the pacifist element was given opportunity to express itself. Out of a total of 450 delegates, only 15 were recorded in opposition. The garment workers of New York, under the leadership of Rose Shapiro, was the only organization refusing to go on roll call. President Gompers closed the debate in a ringing speech in defence of the alliance and his own people.

Mr. G. L. Jacques was a visitor to Vulcan this week.

No shipment of supplies will be allowed to go from the United States to Russia until the situation in that country clears. The American government before allowing the export of goods already on the docks wants to know into whose hands they will fall on their arrival. This is temporary only if a government whom the U. S. can recognize is established, otherwise it will be permanent.

Without a dissenting voice the American Federation of Labour has reaffirmed its unwavering loyalty to the country and a determination to stand behind the national administration until peace comes.

THE COMING ELECTION

Now that the electors of the Bow River riding know that the four candidates are definitely out in the field they can settle down to a calm survey of what each candidate stands for. There is the unionist candidate H. H. Halliday, the Laurier man, the Non-Partisan D. H. Galbraith and John Reid the socialist. The four men, again, may be divided into three classes, for conscription and immediate prosecution of the war by those means, H. H. Halliday and D. H. Galbraith; for conscription by referendum, which means no more men from Canada, the liberal nominee Mr. Gouge, for immediate withdrawal from the war, the socialist John Reid.

As the policy the 'Advocate' has always maintained has been a pro-war policy with the conscription of wealth and resources as well as men, the Unionist and the Non-Partisan are the only two men between who we should consider, and these two we would be in favor of the Non-Partisan, D. H. Galbraith. The danger of the pro-war vote being divided between him and the Unionist in such a manner as to allow the Laurierite to make the field is apparent to every conscriptionist voter, and it is largely on these grounds that we are inclined to Mr. Galbraith. Between his policy and that of Mr. Halliday there is little or nothing to choose, and we could with justice support either were he the sole representative of that policy. But it is when we come to consider the relations of the two men to the old line parties that we see where the choice of the majority must fall to Mr. Galbraith. Although he carries an uncompromising policy of the war he is affiliated to neither of the old parties toward which there has been, and still is, so much bitter feeling. Politics to the western farmer are dead and he wants no more of them. Overlooked and rebuffed for years by liberal and tory alike save when his vote was wanted, he has plodded along, always at the beck and call of the financial east, giving much and receiving little. He longed for the day when there would arise a party which, while representing his views, would act as a bulwark between him and the organized machine politics. Today his chance has come. He is able to send to Ottawa a representative independent of party politics who can give full support to the war, free from any party affiliations and at the same time be the voice of the farmers for progressive agricultural legislation. At Friday's Unionist convention Mr. Mavor spoke truly when he declared that Mr. Halliday would find it difficult to resist being drawn into the cogs of the party wheel. That is just the difficulty with all men of the old line politics, and their being Unionist does not eliminate the

danger of them being drawn into the mesh.

That is just what the farmer wants to avoid in sending a man to Ottawa, and that is why he is likely to cast his vote for the Non-Partisan candidate. Mr. Halliday is, we know, a good and conscientious fighter who has the courage of his convictions and were he the only conscriptionist candidate we would unhesitatingly give him our support. But at the present time when Canada is passing through the greatest crisis of her time as well as an anti-political crisis we believe that the right man for the farmer is the Non-Partisan candidate, Mr. Galbraith.

PROFITEERS AND THE ELECTION

The commission of enquiry into the Wm. Davis Company show that the company has received "extraordinary return upon the capital invested". In fact profits made, says the commission, ran as high as eighty per cent on the money invested.

The case of the Wm. Davis Company has been before the public so long now that they are anxiously waiting to see what the government is going to do about it. Sir Joseph Flavelle is 'in bad' all over the country and no amount of excuse or palliation will satisfy the opinion of the electorate, who demand straight and decisive action. It is being in company with such men as Sir Joseph that is going to do the present government incalculable harm, and their statement to the effect that the profits of packers are to be controlled goes for little if they allow the greatest example of war profiteering to get off lightly. The government will have to act before the election. People do not want to think that they are voting for the support of such concerns as the Wm. Davis company. In fact, they won't vote for the Union government, and that is all there is to it.

NOTES

Buy your Victory Bonds NOW.

In the mild excitement of the coming federal election the election of the local council is likely to be overlooked. What is the matter with the present council, anyway? Let them give us adequate protection against the cow nuisance and they are as good as we could have.

Canada wants men at the front. Sir Robert Borden says he will send them, Sir Wilfrid Laurier says he will let the people think about sending them. Which of the two answers is the more likely to supply the men, think you?

It is well to remember that every economic move for saving food in Vulcan has its effect on the food for the soldiers. You may not be able to fight or even buy a Victory Loan but you can deny yourself here and there at the table, and it all helps. The war isn't over yet by any means, but all we can do in saving will help to shorten it.

THE NEW FLOUR MILL

The idea of the Vulcan Flour Mill is going along steadily. Application for incorporation has been made and the papers are expected back at any time. In the meanwhile subscription forms are being handed round to farmers and others likely to be interested in the concern. Subscriptions are being received by Messrs. J. R. Henderson, the promoter of the idea, F. A. Elve and E. J. Charters. Mr. L. H. Stack is looking after the legal end of the business. Banking is done at the Bank of Commerce.

The erection of the building will be commenced as soon as weather conditions permit and as soon as there is sufficient money in hand. According to the subscription lists it must be completed not later than May of next year. As soon as the incorporation papers are received stock will be sold. The proposed capital is \$50,000, which will be divided into \$25 shares of which from 1200 to 1500 will be offered for sale. Persons subscribing now will receive stock to the value of their subscription.

Much interest is being taken in this local project and a number of farmers, favourably impressed with the venture, have promised to take stock in it.

When the company becomes a reality it will add greatly to the town in more ways than one.

Reeves price on flour is \$5.65 in 5 sack lots or more, on Friday and Saturday only.

The sale of school land at Three Hills on Friday drew the attention of a number of buyers from the Vulcan district. The land was in demand and fetched anything from \$20 to \$69 an acre.

TAKE PACKING HOUSE PROFITS

The Dominion-Union Government has announced the profits which will be allowed the packing house plants. They are as follows:

No packer will be allowed a profit of more than two per cent on his total sales for the year. If this two per cent. on turn-over exceeds seven per cent. on capital invested, the profits will be further restricted as follows:

Up to seven per cent. the packer may retain all profits. One half of the profits in excess of seven per cent. and up to fifteen per cent. will be taken by the government, and the other half goes to the packer. All profits in excess of fifteen per cent. to belong to the government.

MILK TESTING

Your herd test at the factory runs perhaps 3.9 or 3.5 as a rule, but supposing you took a sample from one or two cows separately, would you be surprised to find one milk testing 2.6 and another testing 4.3? Some samples of milk from three individual cows that had been sent in for a special test at one factory ran up last month over six per cent, but on enquiry it was found that a new hand on the farm had not understood it is necessary to get a representative sample of all the milk, not the strippings only. To get results that will be of benefit, the person who takes the samples should be careful to get an accurate sample of the whole milk. Don't "monkey" with the test. Information that is of vital importance to the man intent on building up a good herd, cows giving an abundance of milk of good quality, is obtained from careful sampling and accurate testing.

Of course, milk varies in composition, the dairy cow is of a nervous temperament; if it did not vary there would be little need to test. But the very fact that the test may be up one day and down another, within certain reasonable limitations, makes it advisable to test composite samples occasionally. Your testing can be done by yourself or at the factory; by joining a cow testing association composite samples of each cow's milk may be tested monthly free of charge. If there is no association in your locality, persuade some neigh-

bors to join with you and write to the Dairy Division, Ottawa, for milk record forms.

DANGER OF GASOLINE IN PRIVATE GARAGES

The increasing use of the automobile has caused many out-buildings to be converted into private garages. This conversion in many cases, carries with it the storage of more or less gasoline. In almost all municipal regulations this storage is held to be objectionable. It is highly dangerous, and constitutes a risk, not only to the garage itself, but to adjoining property.

Gasoline will give off 130 times its bulk in vapour, and, when vapourized, will convert 1,560 times its volume of air into an explosive mixture, which will ignite from a blaze or spark. Five gallons of gasoline will generate 8,000 cubic feet of gas, or enough to fill a room 20 by 40 feet and 10 feet high. When ignited, it immediately expands to 4,000 times that space. In a built-up area, this would cause a most destructive explosion, with probable loss of life. The temptation to keep a rather large supply of gasoline on hand is great, and garages should, therefore, be inspected by local fire departments for dangerous conditions.

Messrs. J. Naismith who have acquired the premises recently occupied by the Vulcan Millinery store, have enlarged their gents furnishing department.

Messrs. A. G. Dickinson and A. C. Middleton motored to Calgary on Friday.

WORK OF THE EXPERIMENTAL FARMS

For the conveniences of specialists, farmers, and others interested in the different lines of agriculture dealt with in the three-volume annual report of the Dominion Experimental Farm the several subjects have been issued in separate pamphlet form. These include the reports of the Dominion Animal Husbandman, of the Dominion Cerealists, of the Dominion Horticulturist, of the Supervisor of Illustration Stations, of the Dominion Apiarist and of the Dominion Tobacco Husbandman. Any of these reports can be had on application to the Publications Branch, Department of Agriculture at Ottawa.

BUFFALO HILL HINTS

Coming by and bye. Yes, the winter is coming, but at present there are very few indications of it. We should worry through, as the longer this keeps up the less farm work will be left to do in the spring.

Several of the farmers of the district were disappointed to find that their roadwork paysheets had not been laid before the meeting of councillors although it was signed up and sent in about two months ago.

Some people are rather careless about the exhibitions they give to the public. For instance, a couple evidently struck on each other were sitting very close together while the chaperon drove the car. They knew that the road would take all her attention but they forgot that other eyes are open sometimes.

If someone would compose a song entitled 'We don't take her home till morning' it ought to make a hit with someone we know.

On the night of Wednesday, November 14th, a farewell dance was given to Miss L. Kuhn at the Union Jack school. Miss Kuhn was leaving to attend the Alberta Ladies College at Edmonton.

One day last week two full grown children were seen coasting down the Buffalo Hills on the front bunk of a heavy wagon. They were probably trying to imagine that they had a Ford car.

Now is the time to help the boys at the front. Buy Victory Bonds.

A chicken supper, given by the Buffalo Hills Church on November 14th was largely attended and immensely enjoyed by a goodly crowd from the district.

GREENLEE-DUNCAN

The marriage took place at 12:30 on Wednesday at the United Church Manse, of Luella, youngest daughter of Mr. and Mrs. T. H. Duncan, of Okotoks, and Mr. E. A. Greenlee. The ceremony, which was performed by Rev. C. B. Kerr, was private, only the parents of both contracting parties and other relatives being present.

After the ceremony a wedding breakfast was served at Sniders restaurant.

Mr. and Mrs. Greenlee left the same day for their new home in the Lawndale district 18 miles east of Vulcan.

The Review in common with the bride's many friends in this district where she has grown up, extend congratulations. — Okotoks Review.

BARRAGER-MATLOCK

On Saturday, Nov. 17th, at the manse Vulcan, Mr. Judd S. Barrager and Norma H. Matlock were married by the Rev. A. R. Schrag. The young couple were attended by the grooms brother and the bride's sister. They will take up their home east of Champion.

GOREHAM-HILL

A bright young couple from over east were united in marriage at the manse on Nov. 14th, by Rev. Schrag, the groom being Berton Goehar, of Lomond, and the bride Dorothy Hill, of Amethyst, they were accompanied by the bride's mother and brother.

BOYS CHURCH PARADE

The boys of the Wolf Cubs of the Boy Scouts are out for a church parade next Sunday morning when a special sermon will be preached to them by the Rev. Schrag. All the boys of the town have a special invitation to go to Church that morning. It is the Boys Day.

PHOTOS OF SOLDIERS WANTED FOR RECORD

The Officer i. c. Canadian War Records has asked us to make known that it is desired to compile a complete history in photograph of the Canadians' share in the War, in the same way that all other belligerent countries are compiling similar records.

It is particularly desired to obtain photographs of all Officers, N. C. O's and men who have served or are now serving

in the Overseas Military Forces of Canada, and it is requested that an appeal should be made to this end through these columns.

All Officers and other Ranks serving Overseas may find it difficult to send in their photographs and their relatives are therefore especially appealed to, to send in their photographs for them.

By preference the photographs should be mounted and printed on bromide paper in order to ensure permanence. Each photo-

graph should be accompanied by a concise record, not exceeding two or three hundred words, of the subjects military career, including date of enlistment, promotions, distinctions and so on, as this will greatly assist in obtaining a full and accurate record of all concerned.

In addition it is desired to collect all photographs dealing with the Mobilisation, Training and Departure of Troops together with pictures illustrating Reviews, Sports, Presentations etc. Any photograph of this nature is regarded as a document of historical importance, and it is hoped that the possessors of all such photographs will deem it their duty to send either the originals or copies, which will ultimately be placed in the Permanent Public Archives of the Dominion.

All photographs, which will be acknowledged, should be addressed to the Officer i. c. Canadian War Records, 14 Clifford St. Bond St. London, W. I. England.

Mrs. Gordon McKay is a visitor in Calgary this week.

Messrs. T. A. Bryant and J. Dann left for Calgary last evening.

H. H. HALLIDAY CHOSEN BY UNIONISTS

A convention for the purpose of selecting a candidate to contest the Bow River riding in the unionist interest was held in Calgary on Friday of last week, when there was a good attendance of delegates from all parts of the riding, there being 119 voting delegates present. The district of Hanna was represented in full.

At this convention Mr. H. H. Halliday, mayor of Hanna was unanimously selected, there being no other names mentioned. He was nominated by S. L. McMullen, a conservative from Drumheller.

Following his nomination Mr. Halliday addressed the meeting, outlining his platform. He said that he was prepared to support Sir Robert Borden in all war measures and every other measure provided it was not in favor of the manufacturers and against the farmers of the west. Mr. Halliday endorses the farmers platform. He appealed to every man present to help him win the election. They had got him into it, now it was up to them to get him out of it.

The nominee was followed by J. S. Mavor, the conservative nominee who had retired from the field. Mr. Mavor gave a splendid speech, saying that he was in favour of union government, and although he did not agree with all the men in the cabinet he felt it his duty to get behind them as there was only time for one thing, the winning of the war.

Howard H. Halliday, Unionist candidate, for the riding of Bow River, is the son of Mack Halliday, of Calgary, at one time alderman of Calgary. He was born in Leeds county 40 years ago. He came west with his parents in 1892, settling at Deloraine. He was educated in the public schools of Leeds and the Winnipeg High Schools and commercial colleges. He was in the machine business for some time in Manitoba. He went to Hanna before it was surveyed, and has been the only mayor the town has ever had. He is a practical farmer and conducts a business in Hanna. He is married, with three children. He came out for union government before union was completed. He was in attendance at the Winnipeg Liberal convention, advocating union government then.

INST. MEETING SATURDAY

The second Institute meeting of the Agricultural Society will be held on Saturday afternoon of this week at the Oddfellows hall. The speakers will be Mr. W. H. Fairfield, of the Experimental farm, Lethbridge, and a representative from the Agricultural College Claresholm.

As Mr. Fairfield is widely known as a leading agriculturist it is expected that there will be a large gathering to hear him. The meeting will commence at half past two.

NEW REGULATIONS ON HOMESTEADS

An order-in-council has been passed providing that no applications for an entry for a homestead in western Canada shall be granted unless the applicant was a British subject at the commencement of the war and has since continued to be a British subject or a subject of one the allies or neutral countries. This new regulation will not apply to any alien born person naturalized since the commencement of the war who is a member of the Canadian Expeditionary Force, or who has been honorably discharged from the Canadian army.

RED X ADDRESS AND CONCERT AT ARMADA

On Wednesday next-November 28th the Red Cross workers at Armada are holding a Red Cross evening. The main feature of evening will be an address on Red Cross work by the Rev. A. R. Schrag, of Vulcan. Other numbers which will be contributed

during the evening will be vocal selections by Mrs. Simons, and recitations by Mr. Simons and Miss Peace, of Vulcan. A hearty invitation is given to everyone to attend.

The Rev. A. R. Schrag was in Nanton yesterday attending a Presbytery meeting.

What Will Canada's Answer Be?

OVER in the sodden trenches amid the bursting shells and the roar of artillery where Canada's boys are fighting and dying.

—they are waiting for Canada's answer when the sale of Victory Bonds begins.

CANADA'S soldiers expect that we at home will put up the millions they need to keep on fighting,

—the millions they must have to win Victory for freedom, home and Canada.

What answer will Canada make?

What answer will you make?

Shall it be said that Canada spares not her sons from the sacrifice of battle, yet withholds her dollars to give them victory?

Rather will it be said that Canada once more, for the fourth time in three years, cheerfully puts up her millions upon millions for the cause of freedom, righteousness and justice.

Canada's answer must be,

—that the Canadian hand to the plow of Victory holds steadfast and firm.

—that Canada is in deadly earnest when she says the "last man and the last dollar."

That is the answer Canada will give to our boys in the trenches, our kinsmen in Britain, and our Allies everywhere.

That is the answer we will give to the Huns who thought and said that Canada would desert the Empire before she would fight or pay.

Every bond you buy is an answer. Let the millions of answers from Canada's loyal men and women make a chorus of Victory to ring around the world.

Farm Light Plants

If you are building a house, why not be up-to-date and install a small electric plant at the same time. Or if you don't care to install one just now, you may want to later on and it will be a matter of only a few dollars to install the wires when you are building and have it done right.

Let me give you an estimate on your wiring or particulars on a complete plant.

PRISONER-OF-WAR PARCELS

In co-ordination with the new scheme instituted by the British Government all parcels from Canada to Officer Prisoners of War interned in Germany or Austria-Hungary containing foodstuffs, on and after January 1st, 1918, can only be accepted for onward transmission by the Postal Service if they bear a 'coupon' issued by the Prisoners of War Department, Canadian Red Cross Society, London, England.

Under the new arrangement the amount of foodstuffs which may be sent to an Officer Prisoner of War during four weeks must not exceed one hundred pounds. Of this total the Prisoners of War Department of the Canadian Red Cross will send to each interned Canadian officer including those attached to other than Canadian units not less than six ten pound parcels each four weeks. The remaining forty pounds of foodstuffs per four weeks may be sent personally by relatives in Canada, but each parcel must bear a coupon which can be obtained on application from the Prisoners of War Department Canadian Red Cross Society, London, England.

The right to send food parcels to an Officer Prisoner of War rests with the next of kin, but may be transferred by the latter or by the Prisoner of War himself to any person. It is advisable that application should be made to the Prisoner of War Department, Canadian Red Cross Society, London, England, for the necessary coupons for parcels packed personally at the earliest possible moment.

These coupons are to be used on food parcels only and no coupons can be issued for amounts under ten pounds. If, therefore, it is desired to despatch a parcel weighing less than ten pounds an ordinary coupon must be used and the parcel counts as one of the four permissible in four weeks.

Articles may not be sent to any Society for enclosure in any

parcel despatched under the Red Cross label. The importance of guarding against any misuse of the label cannot be too strongly emphasized. Such action would not only harm the prisoner to whom the parcel was addressed but would react on other prisoners and might endanger the whole system of despatching the food supplies to officers and men who have fallen into the hands of the enemy.

Parcels for officers interned in Bulgaria and Turkey comes under the new scheme. Owing, however, to the difficulties of postal communication, it is not advisable to send many parcels to officers in Turkish camps. Supplies can be purchased in Asia Minor and it is better to remit money to the prisoners rather than send many parcels.

This new scheme relates only to parcels containing foodstuffs for Officer Prisoners of War interned in enemy countries and does not effect in any way the present regulations governing the transmission of parcels to Prisoners of War other than officers, which regulations remain unchanged.

The needs of Officer Prisoners of War holding commissions in the Imperial Army are looked after by the Central Prisoners of War Committee, 4 Thurlow Place, London, S.W., England. This Committee will supply the necessary coupons to the next of kin of these officers for parcels addressed to them which are packed personally.

MORE ECONOMY NEEDED

The Food Controller is well aware that in many homes of the Dominion very considerable economies in food have been effected voluntarily since the war began. In thousands of other homes high prices of food have compelled the utmost economy in selection and in apportionment to the various members of the family. The Food Controller aims that, as far as possible, there should be sufficient and suitable food for the people of Canada at prices which are no higher than are absolutely necessary under present conditions of supply and cost of production.

Seventy per cent. of the people of Canada are as thrifty and careful as any in the world. They consume but little or no more than is necessary to maintain their physical strength. The Food Controller does not ask these people to reduce their consumption below the amount necessary to maintain their efficiency, but he does ask them to substitute other foods, as far as possible, for wheat, beef and bacon which are needed by the soldiers overseas. There is still a considerable minority of the people of Canada who can and should reduce their consumption of food by simpler living. Substitution may involve some sacrifice but surely the men at the front are deserving that such sacrifice should be made. Elimination of waste is a patriotic service in which the most humble and the most prosperous can contribute. It is no exaggeration to say that every ounce of waste is a contribution towards starvation.

Sustained pursuit of the remaining Germans in East Africa during which one thousand prisoners were captured, important positions occupied and the last heavy gun remaining to the Germans in the colony taken intact, in reported in an official statement issued on Tuesday.

MONEY TO LOAN ON FARM LAND

CONTRACTS, FIRST AND SECOND MORTGAGES BOUGHT

Synopsis of Canadian Northwest Land Regulations

THE sole head of a family, or any male over 18 years old, who was at the commencement of the present war, and has since continued to be, a British subject or a subject of an allied or neutral country, may homestead a quarter section of available Dominion Land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at Dominion Lands Agency or Sub-Agency for District. Entry by proxy may be made on certain conditions. Duties—Six months residence upon and cultivation of land in each of three years.

In certain districts a homesteader may secure an adjoining quarter section as pre-emption. Price \$3.00 per acre. Duties—Reside six months in each of three years after earning homestead patent and cultivate 50 acres extra. May obtain pre-emption patent as soon as homestead patent on certain conditions.

A settler after obtaining homestead patent, if he cannot secure a pre-emption, may take a purchased homestead in certain districts. Price \$3.00 per acre. Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$300.00.

Holders of entries may count time of employment as farm labourers in Canada during 1917, as residence duties under certain conditions.

When Dominion Lands are advertised or posted for entry, returned soldiers who have served overseas and have been honourably discharged, receive one day priority in applying for entry at local Agents Office (let not Sub-Agency). Discharge papers must be presented to Agent.

W. W. CORY, C.M.G.,
Deputy of the Minister of the Interior.
N.B.—Unauthorized publication of this advertisement will not be paid for.

To the Electors of the Federal Constituency of Bow Valley.

D. H. Galbraith

Ladies and Gentlemen:

Having been selected as a Non-Partisan-Win-the-War Candidate in this riding for the coming election, I stand for the bending of every effort toward the winning of the war. And will if elected, give my full support to the Military Service Act, as laid for the duration of the war, while continuing to urge the Government in justice to conscript money and materials.

As your representative, I can bring the sound commonsense of the Western Farmers to bear upon the grave questions that confront us at this National Crisis, unhampered, uncoloured and unclouded by any party lead-strings or affiliations.

I believe in the future of this Dominion and in the great future of Alberta as a Province of that Dominion, and I accept and endorse the Platform of the Canadian Council of Agriculture. Farmers support your own Candidate on December 17th, next. (Signed) D. H. Galbraith
